

Center for Spiritual Living Tucson's Envisioning for 2011

Community Envisioning 2011, Remember It?

Two Friday nights back in February, a self-selected group of CSLT congregants got together to envision what was important for CSLT to accomplish in the next year. We determined that we had two interdependent major objectives – to have our own facility and to grow our community. Eleven self-selected topic groups grew out of, and support, these two interconnected objectives. Progress is already being made in many of these areas. If you wish to join the excitement, please contact the 'lead'. If you don't know how, the office (admin@tucsoncsl.org or 319-1042) can help.
